URL change for Travel Manager in effect Monday

A new URL for Travel Manager goes into effect Monday. The Agency-wide Travel Manager system is being moved to another server. On Monday, users will need to delete the old Travel Manager icon and URL from computer desktops and "favorites" folders and use the new URL at <https://nasatravel.ifmp.nasa.gov/> Until Monday, users should continue to use the old URL. For more information or assistance, call 544-4357, Option 0.

WebTADS has new password reminder

WebTADS has a new password reminder. If users forget their password, they no longer have to wait on an e-mail. On the WebTADS login screen, when users click on the "Click here if you forgot your password" link, they will be taken to a screen requiring three pieces of confirmation information. After clicking on "Submit," a user's password will be immediately displayed on their screen. A link then is available to take the user directly back to the login screen.
